

Cleopatra

31st Septembre 2016

TO WHOM IT MAY CONCERN

Ms. **Angkana Gosselin** has worked on board M/Y CLEOPATRA, 57m Amels with 15 crew from 1st May to 31st September 2016. In this time I have found Angkana to be very professional, always smily, honest and always punctual.

She joined Cleopatra as Stewardess/Masseuse and rapidly exhibited qualities that more than suited her position of employment. She has been in charge to get the boat ready when in shipyard Before the season.

She has excelled in the position of Stewardess in intensive cruising and with very demanding guests. She has had great reviews from the owner and was asked to work for next season. She was in charge of service and cleaning guest cabins.

I have found that during the busiest times she has always remained calm, smily, in control and always some one to rely on to get the job done with the minimum of fuss.

She had a cheerful disposition and has been a valuable and popular crewmember always ready to give a hand to other department. She has solved and organized many things onboard in a very professional way.

She is a very hard smily worker and as captain I hope she will get back on board for a permanent position next year.

I wish her the best of luck and I do not hesitate in recommending her to any employer.
